

- Needs to be able to mute the music and unmute
- Needs a way to hint people understand using keyboard to navigate
- Needs a way to hint people to move the aspect view point to see 360 degree of the character
- Needs to download fast
- If not possible to download fast, needs to show download speed (in percentage, bar shape, etc.)
- Needs a way to navigate the book's abstract chapters
- Needs a way to hint people understand the left bar of the scroll is the name of the scroll, and the right bar is a functional bar to close the scroll.
